

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

SB 2686 – HB 3051

March 20, 2012

**SUMMARY OF AMENDMENT (014803):** Deletes all language after the enacting clause. Authorizes specified Court Clerks to charge a one-time \$120 electronic filing system subscription fee for each registered user. Authorizes the Clerk to charge an electronic copy transaction fee not to exceed \$.08 per page. Prohibits the transaction fee from applying to the first electronic copy of any document requested by a litigant or a litigant's attorney, and requires a total charge not exceeding \$2.10 for any single document. Authorizes fees to be set by local court rule to defray expenses associated with the implementation and maintenance of an electronic filing system. Exempts the state from the fees.

CORRECTED FISCAL IMPACT OF ORIGINAL BILL:

Increase State Expenditures - \$120,000/One-Time

Increase Local Revenue – Exceeds \$72,000/One-Time/Permissive

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

**Unchanged from the corrected fiscal note.**

Assumptions applied to amendment:

- Pursuant to Tenn. Code Ann. § 8-21-401, the subscription fees will not apply to the Department of Human Services' (DHS) child support actions.
- According to DHS, the Department will make system modifications to the Child Support Enforcement System (TCSES) to utilize the electronic system. The modifications will be made by OIR IT-Pro pursuant to a state contract.
- The current OIR IT-Pro contract rate is \$80 per hour. DHS estimates 1,500 hours will be needed to analyze, design, code, and test the modifications. The one-time increase in state expenditures is \$120,000 (1,500 hours x \$80 per hour).
- According to the Comptroller of the Treasury, the Shelby County Circuit Court Clerk's Office will implement an electronic filing system within the next six to eight months. There are 1,200 attorneys who file civil cases in Shelby County.
- Assuming 50 percent of the Shelby County attorneys subscribe to the system, and the county charges the full \$120, the one-time increase in local revenue is \$72,000 [(\$120 x 1,200 attorneys) x 50%].

SB 2686 – HB 3051

- It is assumed that most attorneys will only need one electronic copy of any document; therefore, any revenue derived from copy transaction fees will be not significant.
